PRIVACY GLASS
SOLUTIONS

Discover the Future of Entry Doors: Switchable Glass Innovation

Clarity by Privacy Glass Solutions is a cutting-edge switchable glass, offering instant privacy with a sleek, modern design. With a simple on/off switch, it shifts from clear to opaque in seconds, eliminating the need for blinds.

Available in single or double-glazed units, Clarity enhances both privacy and thermal performance, providing comfort, control, and seamless design for any space.

Benefits

- Battery-Powered
- Affordable Innovation for All
- Instant Privacy
- Convenience & Customization
- Durable & Safe
- Low Maintenance
- Advanced Switchable Technology
- Charges only once every 8 months
- Supports programmable timers
- Easy Installation

APPLICATIONS

- Residential Entry Doors
- Commercial Entryways
- Office Reception Areas
- Retail Stores
- Hotels and Hospitality
- Healthcare Facilities

EASY TO OPERATE

Clarity VIEW Switchable Glass transitions from opaque to clear at the push of a button, allowing you to see visitors without opening the door. When opaque, it enhances privacy and security while maintaining a sleek, modern design.
